

Pune Knowledge Cluster & Tata Consultancy Services Present

Title: A Roundtable with Industry experts in Accelerating Social Good with AI technologies

Organized By	Pune Knowledge Cluster (PKC)
In Collaboration With	TATA Consultancy Services
Date	3 September 2021
Time	4 PM - 5.30 PM
Abstract	Artificial Intelligence is a set of technologies operating in the areas of images & vision processing, text and voice processing, rule based and case-based decision-making with the ability to think, learn and adapt to scenarios. There is significant adoption of AI happening in various fields from Capital markets to Healthcare, from Customer experience to Climate change and more. However, the potential is immense.
Potential Gains	Pune Knowledge Cluster & Tata Consultancy Services welcome all to "AI 4 Good Roundtable" to have some representative answers to the above. The objective will be to share practitioner stories, inspire professionals, startups, and citizens to reflect and act on the social aspect while building AI ecosystems and solutions and in the process create a better world for us.
Open to all	It's public talk. Open to all
Speaker	<ol style="list-style-type: none">1) Kiran Deshpande, Industry Advisor, Angel Investor, 14Tree.org2) Dinanath Kholkar, Global Head, Analytics & Insights, Tata Consultancy Services Ltd
Panelists	<ol style="list-style-type: none">1) Ajit Kembhavi, Astrophysicist, Emeritus Professor at IUCAA, Principal Investigator of PKC2) Biswajit Mohapatra, Partner and Executive Director, Hybrid Cloud Transformation Services, IBM
Topics covered	<ul style="list-style-type: none">• Do we have a line of sight of the possible adoption scenarios?• Are we geared up with policies to handle this technology?• Can these technologies transform our communities and social experience?• Can we re-imagine the public services such as waste management with the help of AI?

About the Organizer

	<p>The Pune Knowledge Cluster (PKC) has been established by the Office of the Principal Scientific Adviser to the Government of India. It aims to bring together academia, R&D institutions, and the industry of Pune and its surrounding areas, to address the challenging problems of the region through innovative means, using scientific knowledge and engaging highly skilled human resources.</p> <p>PKC is administered by the Inter-University Centre for Astronomy and Astrophysics (IUCAA). In the initial phase, PKC would focus on Health, Sustainability and Environment, Sustainable Mobility, BIG Data and AI and Capacity Building</p> <p>For more information, visit: https://www.pkc.org.in/</p>
