ACCESS

DISCOVER

LEAD is an initiative of the Pune Knowledge Cluster, providing vocational exposure and networking opportunities to students.

Students will learn about the 'Science and Technology' ecosystem in the Pune region, which includes research institutions, startups, and industries. The initiative will offer study tours, field visits, and interactions with experts from diverse knowledge-driven sectors.

A one-day visit to Vasantdada Sugar Institute (VSI)

Vasantdada Sugar Institute (VSI) formerly known as Deccan Sugar Institute was established in the year 1975. Being one of the oldest and most esteemed research institutes in Pune, VSI aims to promote research, train students/working professionals, and develop cutting-edge technologies for the sugar industry. To Know more visit www.vsisugar.com

Get an opportunity to:

- **Learn** about one of the largest tissue culture facilities in India
- **Explore** the different state-of-the-art instruments and production facilities at VSI
- **Access** different departments: Alcohol Technology, Molecular Biology, Genetic Engineering, Sugar Engineering, and Soil Science
- **Discover** different career opportunities at VSI through interactions with department heads, Ph.D. students, and industry experts

Eligibility

Students pursuing Undergraduate/ Post-graduate/ Ph.D. degrees with a specialization in Molecular Biology, Microbiology, Biotechnology, Botany, and Environment Science areas.

The Pune Knowledge Cluster (PKC) has been established by the Office of the Principal Scientific Adviser to the Government of India. It aims to bring together academia, R&D institutions, and the industry of Pune and its surrounding areas, to address the challenging problems of the region through innovative means, using scientific knowledge and engaging highly skilled human resources. PKC is administered by the Inter-University Centre for Astronomy and Astrophysics (IUCAA). In the initial phase, PKC would focus on Health, Sustainability and Environment, Sustainable Mobility, BIG Data, and AI and Capacity Building.
