

One day of hands-on TEACHER TRAINING IN STEM

This one day hands-on teacher training workshop will cover innovative ways of teaching Science & Mathematics Concepts. Teachers will get an idea to teach science through experimentation and hands-on activities which in turn help students to clear the conceptual understanding and application of Scientific principles in day-to-day life.

Participants will get a chance to see the state-of-the-art laboratories of Physics, Chemistry, Life Science, Mathematics and the Innovation Hub facility at Muktangan Science Exploratory.

Tuesday

30th January 2024

09:00 AM - 05:30 PM (IST)

At BVB's Muktangan Exploratory Science Centre,
Senapati Bapat Road, Pune - 411 016
